

MAX (born 2001)

Max is a Draft cross gelding. Since he came to Partners when he was two, he has grown up with us! He is a gentle giant but needs to be reminded of the rules and that HE is not in charge. He is wonderful for teaching boundaries and working on gaining confidence, as he will test our riders but gives in when asked correctly. He is the type of horse that really lets our riders know when they are doing it right.

Max was Partners' therapy horse of the year in 2018.
