

SCARLET (born 1993)

Scarlet was a Welsh Pony mare who was smart and patient. We usually had the littlest kids ride her and she seemed to understand how important her job was.

She was calm, honest, kind and a hard worker, showing up for work without complaint. She gave thousands of lessons to hundreds of little riders and enriched the lives of Partners' volunteers with her easy-going nature. She was perfect for building confidence and allowing our students to have their first horse experience.

Scarlet was always willing to do what was asked. She touched so many lives with her kind and willing heart. Scarlet was voted therapy horse of the year by riders, staff, and volunteers twice, in 2013, and 2019.

Scarlet was an invaluable member of the Partners team and will be greatly missed.  
1993-2021
